Dimensions	83 x 49 cm
Material	Kunsthars
Model	Lilly

The Lilly chair is not just a piece of furniture that rolls off a production line. This elegant design is carefully crafted in Morocco, where each chair is given a unique character through skilled craftsmanship.

The process begins with pouring resin into a beautifully handcrafted mold. Once the shape has fully hardened, meticulous finishing work follows. Skilled artisans ensure the chair is sanded to perfection, achieving an irresistibly smooth and soft-touch finish.

To enhance durability and practicality, a protective coating is applied as the final step. This prevents scratches and ensures that the Lilly chair is not only stylish but also easy to maintain.

In addition to optimal seating comfort, the Lilly chair is a true eye-catcher in any interior. Available in stunning colors – from Majorelle blue and olive green to soft beige, terra, and vintage pink – you can mix and match different shades for a playful and unique effect!
