Discover the elegance of this hand-woven carpet from Egypt, with a beautiful labyrinth-like pattern. Made from pure wool, this rug offers not only a visual spectacle but also a luxurious feel underfoot. Its handy dimensions make it perfect for use in a sitting area or next to the bed in the bedroom. Experience the ultimate comfort of its wonderfully soft and warm texture. The wool is very tightly woven and is therefore very sturdy and strong. Simple and intriguing at the same time! The design, inspired by old tattoo patterns, combines historic charm with a modern look. Add this unique and timeless handicraft to your interior and enjoy the refined beauty and comfort it offers. You can easily remove any stains with a cloth, dabbing it with lukewarm water and some hand soap.
